Gentlemen,

The item arrived safely yesterday and it took only a few minutes to mount the map and it is now safely hung on a wall.

Should I ever be asked I shall have no hesitation in recommending your company unreservedly.

Many thanks

I was in the lakes at the weekend and saw one of your raised relief maps of the area, which I was very impressed by!

...they are thrilled with their gift [raised relief map of the Yorkshire Dales] and we quickly saw that it covered just about every walk we have completed over the years. Thanks again for an excellent product and service.
